AND RESEARCH, GULTEKADI, PUNE**

Name of the event: Seminar and Poster Presentation on World Malaria Day 2024

Organizer: Tilak Maharashtra Vidyapeeth Nursing Department

Venue: III Semester Classroom

Speaker: Ms. Radha Shinde

Date and time: 25/04/24 at 12-1pm

Participants: Third Semester B. Sc. Nursing students

Topic Addressed:

- Introduction to World Malaria Day
- Importance to celebrate World Malaria Day
- Describe awareness about Malaria
- Enlist prevention Malaria
- Discuss treatment of Malaria

Theme: "Accelerating the fight against malaria for a more equitable world "

Under the guidance of Dr. Madhuri Shelke (Principal, INER, Pune) conducted the seminar on World Malaria Day

World Malaria Day, observed on April 25 annually aims to raise awareness on the global efforts to control and ultimately eradicate malaria. It was instituted by WHO Member States at the World Health Assembly of 2007 and the World Malaria Day was first held in 2008.

Signs and symptoms include:

Malaria symptoms typically include fever, chills, headache, muscle aches, and fatigue. World Malaria Day is an international observance held annually on April 25th to raise awareness about malaria and to mobilize efforts to control and eliminate the disease.

Main Symptoms of malaria:

- a high temperature, sweats and chills.
- headaches and feeling confused.
- feeling very tired and sleepy (especially in children)
- feeling and being sick, tummy pain and diarrhea.
- loss of appetite.

- muscle pains,
- yellow skin or whites of the eyes.
- a sore throat, cough and difficulty breathing.

Preventive measures of Malaria:

However, this disease is preventable with proper precautions and some preventive measures.

Every year, the world celebrates World Malaria Day on April 25, 2024, to raise awareness about the preventive measures against Malaria and what we can do to ensure that we don't fall victim to this disease.

Malaria can be prevented by avoiding mosquito bites and by taking medicines.

After the session, again questions were asked to the students to assess the effectiveness of Seminar and students also presented the posters on malaria.

The session was ended with vote of thanks by Ms. Priyanka Singh.

Name of the event: Seminar On World Hemophilia Day 2024

Organizer: Tilak Maharashtra Vidyapeeth Nursing Department

Venue: III Semester Classroom

Speaker: Ms. Radha Shinde

Date and time: 22/04/24 at 12-1pm

Participants: Third Semester B. Sc. Nursing students

Topic Addressed:

- Introduction to World Hemophilia Day
- Importance to celebrate World Hemophilia Day
- Describe awareness about Hemophilia
- Enlist prevention Hemophilia
- Discuss treatment of Hemophilia

Theme: "Equitable access for all: recognizing all bleeding disorders"

Under the guidance of Dr. Madhuri Shelke (Principal, INER, Pune) conducted the seminar on World Hemophilia Day

On April 17 every year worldwide, World Hemophilia Day is celebrated to raise understanding and awareness of this genetic disorder and other linked bleeding disorders. Many people organize awareness-raising campaigns and perform several activities to inform the general public about Hemophilia disease.

Signs and symptoms include:

- ❖ Unexplained and excessive bleeding from cuts or injuries, or after surgery or dental work.
- ❖ Many large or deep bruises.
- ❖ Unusual bleeding after vaccinations.
- ❖ Pain, swelling or tightness in your joints.
- ❖ Blood in your urine or stool.
- ❖ Nosebleeds without a known cause.
- ❖ In infants, unexplained irritability.

Preventive measures of Hemophilia:

Because the condition is genetic, there is no prevention measure for hemophilia.

However, patients can take steps to limit the frequency and severity of their bleeding. Aspirin and NSAIDs (ibuprofen and similar drugs) can worsen bleeding in patients with hemophilia.

After the session, again questions were asked to the students to assess the effectiveness of Seminar. The session was ended with vote of thanks by Mrs. Savita Kharat.

Name of the event: World Health Day

Organizer: Tilak Maharashtra Vidyapeeth, INER

Venue::Swargate Bus Stand

Date and time: 12/04/2024 at 10.00 am-10.30 am

Participants: 3rd Semester Bsc Nursing Students.

Theme: 'My Health My Right'.

Under the guidance of Dr. Madhuri Shelke (Principal, INER, Pune) conducted the street play on 12 th April 2024. Around the world, the right to health of millions is increasingly coming under threat. Diseases and disasters loom large as causes of death and disability. Conflicts are devastating lives, causing death, pain, hunger and psychological distress

To address these types of challenges, the theme for World Health Day 2024 is 'My health, my right'.

This year's theme was chosen to champion the right of everyone, everywhere to have access to quality health services, education, and information, as well as safe drinking water, clean air, good nutrition, quality housing, decent working and environmental conditions, and freedom from discrimination.

On this year theme students played a small street Play in front of the people those who were present in the Bus stop.

Programmed concluded by the vote of Thanks.
